

# HTML : Hyper-Text Markup Language

<b>HTML 1</b>	invented by Tom Berners-Lee (1991)
<b>HTML 2</b>	first standard from W3C (1995)
<b>HTML 4</b>	separation between content and presentation CSS (1997)
<b>HTML 5</b>	multimedia (2008)

# Terminology

**Markup:** tags starting and ending with angle brackets

```
<p>
```

**Content:** Everything else (arguably)

```
this is something else
```
