Iterate through associative arrays

```
const person = {
   fname: "Alice",
   lname: "Alicson",
   age: 30
};
for (let k in person) { . . . }
for (let k of Object.keys(person)) { ... }
for (let v of Object.values(person)) { ... }
for (const [k, v] of Object.entries(person)) { ...}
```
