The HTTP protocol

Network protocol for requesting/receiving data on the Web

- Standard TCP protocol on port 80 (by default)
- URI/URL specifies what resource is being accessed
- The request method specified with a command

Let's look at what a web server does

```
telnet to a web server
> telnet www.utsc.utoronto.ca 80
GET /
         enter HTTP requests
```
